

This is the result of CS-PFG Batch that is going to start from 3rd Dec. The delay in the result was due to strict cross examination of Online Students. As a norm, Institute reserves the right to admit or cancel the enrollment in the program, so the management has decided to cancel the registration of few students as after examining the time they have taken to complete the paper and each question. It was observed that it was not realistic to complete the paper in the time that they took to submit.

* Note - We have started this program ONLINE on demand of students - but we request you to maintain the sanctity of the program by attempting it by fair means. As not only it will deceive you but can discourage other sincere aspirants and can distort the competition.

We got a suggestion from Offline students - that Scholarship must be reserved for offline students only for obvious reasons and the major one is online students has the assistance from the most intelligent entity human race has seen till date, "Google".

But we do not want to discriminate as there are sincere aspirants who are as concerned for their career as we are. **So, we can just request you to make this program a real success and let it help you clear PRELIMS with a good margin so that you can get an edge in MAINS.**

As of now we are publishing the exact result. We Thank and wish you all the best for the upcoming Prelims Examination and the overall CSE Examination.

We want to be a partner in your success and if you prepare sincerely we promise you will get success sooner or later , as "hard work is the only investment that never fails".
